WHAT WE DO

The purpose of our program is to define the entry pathway into the transportation industry for high school graduates and young adults seeking professional driving careers.

Through the WDT Driver Apprenticeship Program, higher paying jobs will be offered in rural communities and opportunities for a rewarding career will be offered to a younger workforce. With safety at the forefront of our mission, interns will be educated on the essence of WDT culture, our values, and guiding principles.

Gain job experience while you get paid to earn your Commercial Drivers License. We can't wait to meet you!
